WHY :: WHAT :: HOW

At some point in our lives, we will be directly or indirectly affected by cancer. Learn how to dispel fear of the 'c' monster, support survivorship, education and research, and raise funds for incredible cancer initiatives at the 3rd Annual **drumSTRONG '09**.

drumSTRONG is a unique, multicultural, musical, charity event showcasing resources that support people with cancer and those who love them. It is a gathering to rhythm. Music truly engages all ages, wages and stages of health.

Celebrity artists join in; drumming non-stop for 27 hours to BEAT cancer! It's the planet's longest continuous rhythm DRUM-A-THON. Guinness World Records is tracking us.

Register online today at www.drumstrong.org and then gain the support of family and friends. Collect sponsorship dollars for every hour you plan to drum, and help change the lives of those affected by cancer. Community Service hours, Corporate, Team and Individual sponsorships are available. See website for details.
